**Subject:** American Legion Department of Arkansas - Thanks for the veterans help

**Hi,**

**I hope you're well! I'm a volunteer from the Girl Scout Council of the Colonial Coast and I just wanted to write you a little thank you note! My Junior Scouts have been working towards earning their "Honoring our Veterans" Patch, and you've been a big help. We discovered your page, <http://www.arlegion.org/resources.html> while searching online for veteran resources and the ones you've provided have been very informative for us. Thank you so much!!**

**The girls also wanted to share another page with you that we felt could be particularly helpful. It's <https://couponfollow.com/research/use-coupons-to-support-military-families> and it's a military discount guide. We really liked how there is a ton of different categories to look through!**

**Do you think you could include the girl's suggestion on your page? I'd absolutely love to show them that it was up and running during our next meeting if you've decided it was a suitable addition. I believe they would be beyond proud and excited to know they've made a helpful contribution that could possibly help support our troops and military families.**

**Best wishes and thanks so much again,**

**Ginny Pierpoint**
